## Mundo Canibal Apocalipse - Pior Jogo Do Mundo [BR] Skidrow Reloaded

. If you have any questions. Q: Conditionally add dashes between 2 values I am trying to write a dash-separated-list-generator that responds to the input of two values, one for a starting position and one for the number of dashes to create. For example: Given starting position 1: Output: starting position: 1 dashes: - - - Given starting position 1: Output: starting position: 1 dashes: - - - Given starting position 3: Output: starting position: 3 dashes: - - - - I have tried the following, but with no success. Any suggestions would be greatly appreciated. `bool dash = false; while (list.Count > 0) { if (!dash) { list.Add(new ListNode(startingPosition, '-' + dashes)); start(startingPosition, dashes); dash = true; } list.AddLast(new ListNode(startingPosition - 1, '-' + dashes)); } private void start(int position, int dashes) { Console.Write(position + " "); Console.Write(dashes + " "); Console.WriteLine(); } A: The problem is that you're only adding dashes to the list if you've not done it yet. So, in addition to your if (!dash), add an else: else { list.Add(new ListNode(startingPosition, '-' + dashes)); start(startingPosition, dashes); dash = true; } Jason Witten is just one of seven Cowboys to play in at least 90 percent of their team's games for the 14th time in their career. (AP) For the second consecutive year, the Dallas Cowboys' playoff chances look as strong as they have in decades. Quarterback Tony Romo, the heartbeat of the team, is healthy and firing on all cylinders, but besides that, the other members of the team's f30f4ceada`
