08.12.2010 Corrected algorithm search code for Blaupunkt, Carradio2001 (Owner of CalcGEN Made by I.S.A) ... Please, I need OSCR.rar, but it says that file is not found. But it is not, I downloaded it as an archive, and the file is in the same archive (at least it should be). What do I have to do? Please help me, I really need it. Thanks in advance. And also, when I go to the site, it gives me the message: "Error: The website is too busy. Please wait or try later." If I go to the main page, the message does not appear, but when you click on links in any section of the site to me, too, give out this message. Please help!
