The House of the Dead III was the last House of the Dead game created by the head of Sega WOW Entertainment and producer Rikiya Nakagawa. She came out in 1994. "House of the dead III" is known for its ultra-realistic interiors and extensive camera movement. Only in this passage the user can freely walk around various locations with adventures, battles and other hardships. The game was poorly received by critics. Online gaming magazines have been calling it "useless".
